I remember that I kind of laughed at the sparks that  
spread the flames  
Over all the ugly memories these past three years have  
made  
Then I waited for the smoke to fill my lungs and  
suffocate my pain away

So I say goodbye and I just say so long  
Almost feeling paralyzed  
My still life with vital signs  
And I'll just say so long  
My good intentions felt so wrong  
Left me feeling so far gone  
Well I'm gone, woah, woah.  
I'm gone, I'm gone, I'm gone, I'm gone

I remember when I found the place for the ends to list  
that normal scene  
Living in this haunted house on this otherwise normal  
street  
Postcards and photographs of who we were start to  
burn and fade away  
So I say goodbye and I just say so long  
Almost feeling paralyzed  
My still life with vital signs  
And I'll just say so long  
My good intentions felt so wrong  
Left me feeling so far gone  
My good intentions felt so wrong  
Left me feeling so far gone  
Well I'm gone, woah, woah.  
I'm gone, I'm gone, I'm gone, I'm gone

So I say goodbye and I just say so long  
Almost feeling paralyzed  
My still life with vital signs  
And I'll just say so long  
My good intentions felt so wrong  
Left me feeling so far gone  
And I'll just say so long  
My good intentions felt so wrong  
Left me feeling so far gone

And I'll just say so long
