Yo...put one up shackle me, not clean logic procreation
I did not invent the wheel I was the crooked spoke
adjacent
While the triple sixers lassos keep angels roped in the
basement
I walk the block with a halo and a stick poking your
patience
Ya'll catch a 30 second flash visual
Dirty cooperative Neptune blue head hurt splits
Ridiculous fathom the splicing of first generation
fuck up or trickle down anti hero smack (Cracking!)
I paste the game to zero all completion green (Splash!)
Took an early retirement pick a dream
American nightmare hogging the screen
I'll hold the door open so you can stumble in
and you would stop following me around the jungle
gym
Now it's an honor and I spell it with the 'H' I stole from
heritage
Marry crutch stolen wretched refuge refuse my
teaming resonance
I promise temperance storm breed with a leaning
conscious
In a credence relax responsive with my sports
outsource the wattage
And I'm sleeping now (Wow!) And the settlers laugh
You won't be laughing when your covered wagons
crash
You won't be laughing when the buses drag your
brother's flags into rags
You won't be laughing when your front lawn is
spangled with epitaphs
You won't be laughing
And I hang my boots to rest when I'm impressed
So I triple knot them then I forgot them
This origami dream is beautiful
but man those wings will never leave the ground
Without a feather and a lottery ticket, now settle down

All I ever wanted was to pick apart the day
put the pieces back together my way

All I ever wanted was to pick apart the day
put the pieces back together my way
All I ever wanted was to pick apart the day
put the pieces back together my way
All I ever wanted was to pick apart the day
put the pieces back together my way

Slacker bounded imitated tabloid headlined with the
post
Shimmy cross the centerfold, and a dead time in
ghosts

Giving crumbs for the better souls with seven deadly
sins

To hear the plane to crystal conscious
To results a low life counting on one hand what he's
accomplished

Ok, lift me to activism chain activate street sweep
Plug in deteriorating zenith pen dragging
I hack swords wars for the morbid spreading of mad
men

Now he's got soul

Sitting there licking log cabin in Charlie Chaplin waddle
I could zig zag and zig 'em again for the bad dreams
Sparking my brick wall windows another thicket storm
And if one night in Gotham without the wretched
Houston we have a problem

Dispatch a task of infested patch of city goblins
Who split how many freaks with box cuts of a high road
bellow

Heads ripped! Watch red bricks turn yellow
Sort of similar to most backbones at camp Icarus
Raw feelings start congregating at pamper for
bickering

Life's not a bitch life is a beautiful woman
Your only call her a bitch because she won't let you get
that pussy

Maybe she didn't feel y'all shared any similar interests
Or maybe you're just an asshole who couldn't sweet
talk the princess

Kiss the speaker wire or either pass it for some pagan
thresh hold

Stomach full of halo kibbles
Wings span cast black of porn visuals hear the duck
hunt ticker tape

Vision and pick apart the pixels

I got a friend of polar nature and it's all peace
When I seek similar stars but can't sit at the same feast
Metal Captain!

This cat is asking if I've seen his little lost passion
I told him: 'Yeah, but only when I pedaled past him'

All I ever wanted was to pick apart the day
put the pieces back together my way
All I ever wanted was to pick apart the day
put the pieces back together my way
All I ever wanted was to pick apart the day
put the pieces back together my way
All I ever wanted was to pick apart the day
put the pieces back together my way
