And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town, yeah, we'll talk  
about leaving  
I swear it's the last time and I swear it's my last try....

We rode across that bridge all night  
We talked our way through city lights  
Traced all the lines, we're killing time under those  
buzzing signs  
From downtown to anywhere but here, tonight, yeah..  
And I swear to these rooftops, and just hope that car  
would never stop

And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town, yeah, we'll talk  
about leaving  
I swear it's the last time and I swear it's my last try....

We drove around this place all night  
Past closed signs and familiar sights  
We're moving by, passing time counting those center  
lines  
With twenty thousand lines left to go that lead to  
somewhere I don't know  
It might be the time that we leave this all behind

And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town, yeah, we'll talk  
about leaving  
I swear it's the last time and I swear it's my last try....

And there's been a few times that we thought it felt  
right  
To take the west-bound signs  
And just leave town tonight...

And I swear it's the last time and I swear it's my last try  
And we'll walk in circles around this whole block  
Walk on the cracks of the same old sidewalks  
Then we'll talk about leaving town, yeah, we'll talk  
about leaving  
I swear it's the last time and I swear it's my last try....
