He's just like anyone  
He's just like anybody  
He's just like Frank  
And I know it  
And he knows it  
It's his one sided point of view  
I know it when he says it's  
My way or the wrong way  
And I don't care about you  
But to see my side wouldn't be  
The worst thing he could do

When someone's politics  
Blinds you and binds you  
To something you don't believe in  
And he's just like anyone...  
And I saw him walking on my way  
Past Third St. just the other day  
Why doesn't he understand views keep changing?
