Dear, you won't answer me, did you honestly think I'd  
ever leave?  
If you'd somehow just believe me  
You've gotta know right now that these words still sting  
I've lost everything, I've ever touched

The results were eating me up  
For once I've had enough

Landmines, landslides no matter how I try  
Landmines, landslides every single time

I fell asleep while watching TV  
While the living dead they walk my streets this evening  
This sitting target's been stuck on the couch again  
Pretending I'm stable as the panic sets in

The results were eating me up  
For once I've had enough

Landmines, landslides, no matter how I try  
You're destined for disaster, you're failure by design

Landmines, landslides, every single time  
I'm destined for disaster, I'm trapped on every side

You know how hard I try sometimes, you can see it in  
my eyes  
It's always eating me alive the day to day of getting by  
Self-control from all the helplessness I've known  
I'm a wreck, whoa, lacking confidence there's no  
arguments you know

Landmines, landslides, no matter how I try  
You're destined for disaster, you're failure by design

Landmines, landslides every single time  
I'm destined for disaster, I'm trapped on every side

Whoa, whoa  
Whoa, whoa

Landmines, landslides every single time  
I'm destined for disaster, I'm trapped on every side
