I remember that I kind of laughed
At the sparks that spread the flames
Over all the ugly memories these past three years have
made
Then I waited for the smoke to fill my lungs and
suffocate my pain away

So I say goodbye and I just say, so long
Almost feeling paralyzed, my still life with vital signs
And I'll just say, so long
My good intentions felt so wrong, left me feeling so far
gone
Well, I'm gone, whoa, I'm gone, I'm gone and I'm gone,
whoa

I remember when I found the place
For the ends to list that normal scene
Living in this haunted house on this otherwise normal
street
Postcards and photographs of who we were start to
burn and fade away

So I say goodbye and I just say, so long
Almost feeling paralyzed, my still life with vital signs
And I'll just say, so long
My good intentions felt so wrong, left me feeling so far
gone
And I'll just say, so long

My good intentions felt so wrong, left me feeling so far
gone
Well, I'm gone, whoa, I'm gone, I'm gone, well, I'm
gone, whoa
I'm gone, I'm gone, well, I'm gone, whoa
I'm gone, I'm gone, well, I'm gone, well, I'm gone

So I say goodbye and I just say, so long
Almost feeling paralyzed, my still life with vital signs
And I'll just say, so long
My good intentions felt so wrong, left me feeling so far
gone
And I'll just say, so long

My good intentions felt so wrong, left me feeling so far
gone
And I'll just say so long
