Twinkle twinkle little star
Tell me exactly what you are
Because I'm wishing upon you tonight
Moonlight shines way up high
As I wish upon your stars tonight
Bring me back yeah bring her back to me
So I can say
You've got me hangin by a thread
With that pretty little smile
Oh I'm fallin now
Were falling down
At least for a while
But just a while is all I ask
And all that I need
So girl you've got me pleading
You've got me singing
So please
Stay with me.
Stay with me.

Why do we wish upon the stars
When we're not even sure of what they are
But girl, when I look into your eyes I see why
So I'm asking you girl
Just trust me with
The steady beating of your heart
Because I've trusted you with mine.
And you've got me hangin by a thread
With that pretty little smile
Oh I'm fallin now
We're falling down.
At least for a while
But just a while is all I ask
And all that I need
So girl you've got me pleading
You've got me singing
So please stay with me.
Stay with me.

[Instrumental break]

And you've got me hangin by a thread

With that pretty little smile
Oh I'm fallin now
We're falling down
At least for a while
Just a while is all I ask
And all that I need.
So girl you've got me pleading
You've got me singing
So please stay with me.
Stay with me.
Stay with me.
