Abilene Abilene prettiest town that I've ever seen
The women there don't treat you mean in Abilene my
Abilene

Old empty boxcars standin' all alone the wheels are all
rusted boys so we'd home
But what I have to do till I get back to Abilene
(Abilene) that's my home (Abilene) my home sweet
home
(Prettiest town that I've ever seen
The women there won't treat you mean in Abilene my
Abilene)

I've been to Chicago San Francisco to old New York City
none of them will do
I'm just a waitin' till I get to Abilene (my Abilene)
Abilene Abilene...
No women there won't treat you mean in Abilene (my
Abilene)
The women there won't treat you mean in Abilene (my
Abilene)
