Darkness in the eyes
Flowing skins and a noise of silence
In the rotten world behind the closed door
There was a great expectation shit
With a golden sea...
When the chill rise
We shall rise to Cloud Loneliness
Scream with fear like a morning star desperation
As we escape to a great white home welcome us
This is the one we hope to see
This is the expected one

No more dreams to hope for
Lay down! And begin tryin' to tell
No more dreams to live for
Cry out! Inside Cloud Loneliness
