See the lights burning bright now, like crystal flames
Candy stripes line the aisle ways, they lead the way
We've been waiting, we've been waiting
Fireplace draped in flashing red, the stockings bent
Send your bounty to addresses to please the kids
They've been waiting, they've been wait...

The blankets of snow, and the northern winds, they'll
blow
Please bring 'em all down to us
I know that it's cold, but we waited all year for a miracle
Please bring 'em all down to us
Please bring 'em all down to us

Re-drew this, nothing missed, a sign we'll play for
keeps
Street lights join the choir, so festively, red and green
We've been waiting, we've been waiting
Any house a wish that someone needs to bring to life
Eleven months, I've tried to make it by, it isn't right
She's been waiting, she's been wait...

The blankets of snow, and the northern winds, they'll
blow
Please bring 'em all down to us
I know that it's cold, but we waited all year for a miracle
Please bring 'em all down to us
Please bring 'em all down to us

(La la la la la, la la la la la, la la la la la la...)

Just bring 'em all down to us

The blankets of snow, and the northern winds, they'll
blow
Please bring 'em all down to us
I know that it's cold, but we waited all year for a
miracle, whoa

The blankets of snow, and the northern winds, they'll
blow

Please bring 'em all down to us
I know that it's cold, but we waited all year for a miracle
Please bring 'em all down to us

The blankets of snow, and the northern winds, they'll
blow
Please bring 'em all down to us
I know that it's cold, but we waited all year for a miracle
Please bring 'em all down to us
Please bring 'em all down to us
