Its as clear its as clear
as the maps they drew
for me and you
when there were no rules
its as clear its as clear
as when we agree
as my silence screams
when you're next to me

ooh ah

its as clear its as clear
as the games i won
as the arctic sun
on my one man island
its as clear its as clear
as a little bit closer

as a rock and roll poster
staring down on you and me

ooh ah

its as clear its as clear
as the first time i
looked out in the sky
and realized how far away it felt
its as clear its as clear
as a desert highway
when im going my way
and the suns all around me

ooh ah
