Have you ever felt like, you the only one in love in your relationship?

And as hard as it was for you to let go, you knew that was the best thing for you

Well, that time has come for me, I gotta move on

You say you wanna get married, but boy are you sure  
Because there are a couple of issues I refuse to ignore  
You say one thing, and you do another  
And I'm realizing you don't want me on your shoulder  
You think material things is what I need  
But all I ever wanted was you  
Just a little kiss, just a little hug  
Now I'm realizing that that ain't your kind of love

Sometimes we want things  
That may not be right for us  
But when you're in love  
You tend to look over the obvious  
You're not changing and I know that you love me but  
This thing ain't going the way I planned  
Sometimes we want things  
That may not be right for us  
But when you're in love  
You tend to look over the obvious  
As bad as I want you to stay  
We can't keep going on this way  
Going this way

Don't think you're doing me no favors  
Feeling the need to get on one knee  
When you know you ain't right, baby  
You wanna make sure I'm always around  
And with the ring on my finger  
That means I'm on right now (oh no)  
I see it in your eyes you weren't (for sure)  
And there's a good chance you doing some dirt  
'Cause I don't wanna be the one  
To make you do something you don't want to  
I'ma let you do you

Sometimes we want things  
That may not be right for us  
But when you're in love  
You tend to look over the obvious  
You're not changing and I know that you love me but  
This thing ain't going the way I planned  
Sometimes we want things  
That may not be right for us  
But when you're in love  
You tend to look over the obvious  
As bad as I want you to stay  
We can't keep going on this way  
Going this way

Oh no, no, no... oh, no...  
Oh no, no, no... oh, no...  
Oh no, no, no... oh, no...  
Oh no, no, no...

See there's a part of me  
That doesn't want you here with me  
That's a part of me  
That wants to stick right with you  
But it seems like you don't wanna put up a fight  
And why should I even try  
'Cause sometimes...

Sometimes we want things  
That may not be right for us  
But when you're in love - But when you're in love, love  
You tend to look over the obvious  
You're not changing and I know that you love me but -  
You're not changing, no  
This thing ain't going the way I planned - Going the way  
I planned  
Sometimes we want things - Nooooo...  
That may not be right for us  
But when you're in love  
You tend to look over the obvious - And everytime  
As bad as I want you to stay - I think that you're, you  
don't  
We can't keep going on this way - And I can't do this no  
more  
Going this way - No

You keep takin' me  
Through so much...
