A murderous mind screams in pain when death arrives
Gasping for air but life is fading from it's eyes
Placed in the tomb as evil power drawing near
Reanimate the servant of unholy fear

Darkness consumes the soul of everlasting hate
Bringing it back to serve the dark and devastate
Hunting you down, tearing up your fucking chest
Feast on the dead, never to rest

Reborn in blood, reject of God
Sentenced to burn, face my return

Creation of death, a servant of the evil dead
Back from the grave to rip off your precious head
Swallows the soul and force you under my command
Killing you all, you'll decay by my hand

Screaming in pain as the guts run out of you
Blood everywhere when I cut you into two
Human to beast, the occult rites has just begun
Try to escape, there's nowhere to run
Reborn in blood, reject of God
Sentenced to burn, face my return

Summon the army of undead souls
You will all die

Solo: Bob

Swallows the soul and force you under my command
Killing you all, you'll decay by my hand

Reborn in blood, reject of God
Sentenced to burn, face my return
