Verse 1:

Today I'm forever your lady, tomorrow I can't take it
We've been through stormy weather, get back together
and do it over again
Instead of me being your woman, I feel like I'm your
opponent
I want this battle to end,
Here I surrender, you can have it, this isn't what I need
But I'm so weak for you, can only be without you for a
day or two
Boy, this relationship needs some counseling so, I have
to call it quits

Chorus 1:

'Cause I can't stand to see you with somebody else
Wining and dining with somebody else,
Rolling in your whip with somebody else
So, I'd rather stay then to see you,
Baby, kissing and hugging somebody else,
At your crib making love with somebody else
Introducing your mama to somebody else so,
I'd rather stay than you to see you, baby

Verse 2: (Avant)

There's obviously some misunderstanding,
With my girl there is no understanding
I know it seems crazy at times stuttering seems like I'm
lying
But can't nobody get like you do, the way I feel for you
is hundred proof
Before I was out of control,
Now I can't let you go there is no reason for to walk
away
Just stay, you can never be replaced, I swear
In the past it was hard for you to trust I see,
But at last you can finally find some security in me

Chorus 2: (Avant & LeToya)

Avant: Somebody else
I won't be with somebody else
Somebody else

So, I'd rather stay than to see you,
Baby, kissing and hugging somebody else,
At the crib getting down with somebody else
Don't worry 'bout mama and somebody else

LeToya: So, I'd rather stay than to see that, baby

Bridge: (LeToya & Avant)

LeToya: Baby, I refuse to let you go, she ani't picking
up where I left off
No, and though we fuss and fight,
I ani't letting no other chick come take mine away

Avant: Baby, it doesn't matter whose right or wrong,
At the end of the night I'll be at home with you

LeToya: I can't stand to see you with somebody else

Chorus 1:

'Cause I can't stand to see you with somebody else
Wining and dining with somebody else,
Rolling in your whip with somebody else
So, I'd rather stay then to see you,
Baby, kissing and hugging somebody else,
At your crib making love with somebody else
Introducing your mama to somebody else so,
I'd rather stay than you to see you, baby
