Intro:

Corner Boyz

What love can do

What love can do

1st Verse:

I'm losing sleep over you

Look what you've done to me

Not saying you ain't the truth

This love's no fantasy

Sometimes I'm so sick of you

I need some therapy

Just like an addict on you

Make no recovery

B-Section

So should I stay, should I go

Do I do, do I don't

Will I will, will I won't

Do like my my mama told me?

Chorus:

That's what love can do(now I know)

Everythang just ain't good for you

(Said I'm feeling like a fool, a fool)

It's got me so confused

(Oh baby)

Maybe that's just what love can do

(Love can do, ooh) What love can do

2nd Verse:

See, you sweep me off of my feet

Then bring me down my knees

And then occasionally

I'm like somewhere in between

Everytime we get it right, we go wrong

And tell me why does every fight turn me on

Ohhhhhh... ohhhhhh... whoaaa...

B-Section

Sooo

Should I go
Ooooh
Do like my mama told me?

Chorus(ad-lilbs):
Now I know
I said I'm feeling like a fool, a fool
Oh baby
Love can do

Bridge:
(Heyy) Everytime we fuss and fight
(I'm headed for the door)
And I know inside this shit ain't right
(But it makes me want you more)
My friends tell me that I should bounce
(Maybe I should just up and leave yeeah)
But they can't say 'cause they don't know
(Just what you do to me, you do to me)

Chorus till end(With strong ad-libs)
Ohhhh babyyyyy
See everything just ain't good for you
Oh... ohhhhhhhhh
But it feels so good
But now I know ohhhh... ohhhhhhhh
Ha... that's what love can dooooo
To youuuu
Know everything, it just ain't good for you
No, noooo, nooooo
I'm so confused
What love can do
