Yeah! Yeah!

Da Bizzle!

(Woooo)

Da Bizzle!

(Woooo)

Da Bizzle!

(Woooo)

Da Bizzle!

(Let's Go)

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (back now)

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (here now)

Yo! Yo!

You thought more fire crew was really gonna roll

More fire roll while they wonders no!

Universal got me feelin' a little bit o' low

Made a little dough then they kicked us out the door'

Fire hater what u laughing for'?

Your skinny ass wont fit through the door

Go round u were sayin' aint no more no!

Shutup! they wont know shutup! they wont know,

So,

More fire crew pioneers in the scene,

Why u tryin' to bust the gangsta scene

Now everybody tryna rechoose me

The only crew through thick n thin is still a team,

I know your wondering now where did we go

One stage wasn't confident to do a show

But I let u know that we're never gonna go

And I wanna let u haters know that...

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (back now)

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (here now)

Yo! Yo!

We didn't mean to go but now we are back

Compare us to the artists coming through and they are
crap

I don't mean to have a big head but it's a fact
Making sure that I'll make u move that is whack
Now I'm showing you a side that you really don't know
Leth of the Bizzle yeah full of a lot of soul
With the new style wonder how far I 'go
I'm not gonna stop I'm gonna keep on going
But, I know how ya probably feelin'
I know ya probably screwin'
I know ya pulling ya hair punching fists right on the
ceiling
So such a happy feelin'
So such a last to Meanin'
Bounce right through the ceiling
You don't know how I feel,
The feeling it be real
So saying I think I will,
I want to make a meal,
So I think you should chill
Yknow we know the deal
Ya too late anyway ya hearts not there
It's a shame,
Before the fire's gonna do the beat
It's a shame,
Cuz we're (back now)
It's a shame,
Before the fire's gonna do the beat

It's a shame,

Cuz we're (here now)

La La La Lala

La La La La La La Lala

(Yeah)

First and foremost,

I wanna bigup the fans

That stuck with the Fire through thick 'n thin

Right about now it's the takeover

THE BIZZLE

Alright then

Let's go

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (back now)

It's a shame,

Before the fire's gonna do the beat

It's a shame,

Cuz we're (here now)

La La La Lala

La La La La La La Lala...
