[x2]

Man ah midfielder tackler
Scary on the pitch Dracula
Pass the ball to Van Persie
Dench goal oh Lord ah mercy
Gooners we fight to the end

Dench guy
Leave it leave it
If you wanna tackle tackle then
Soft on the ladies hard on the men
Dench!

[Chorus]

[Frisco]
Cap fits wear it
But if the cap don't fit just leave it yeah
Couple guys try run with the flow and fell over
You better leave it there
When I'm squeezing here
Man take cover, lyrically skenged out
Me I'm like no other
Leave it leave it
Rise up the ting and squeeze it
Get rubbed out with the rubber
Speed off quick then I'm burning rubber
Life or death I will ride for the team
When it comes to weapons I'm like Danny Glover
Send you home in a black bag to your mother
I'm advanced so I ain't got no time for no intermediate
man dem
Told you to leave it yeah
Them man are just one bag of idiot man dem

[Chorus]
Dunno why you're acting
Leave it yeah
Nah you must be crazy
Leave it yeah
No you ain't no bad man
Leave it yeah

I said I bring the hype fam
Leave it leave it
Aah what
Leave it yeah
Blood to your head
Leave it yeah
I said listen to me clearly
Leave it yeah
I been a don from early
Leave it leave it

[Scruffizer]

Come and the riddim gets spun
When I am on I'm a don
It's a killer and from the LON
Veterans know Fizzy will munch up anyone
Better run cause in coming on strong in every song
All goodie do whatever you want do me
Cause I'm still disturbing London, Dumi
Every time I spit I'm making em back up for me
Like a big bass line from Wookie
J ain't really ready for fizzy, I'm getting heavy
N*ggas saw me 'cause they see me I'm blowing up
their telly
So leave it blood
A lot of man have fell out tryna come back better leave
it blood
Fake gangster better leave it blood
Cause you ain't doin' me nothing so leave it blood
When I touch mic I tear up the riddim
139 pon a remix

[Chorus]

Dunno why you're acting
Leave it yeah
Nah you must be crazy
Leave it yeah
No you ain't no bad man
Leave it yeah
I said I bring the hype fam
Leave it leave it
Aah what
Leave it yeah
Blood to your head
Leave it yeah
I said listen to me clearly
Leave it yeah
I been a don from early
Leave it leave it

[JME]

Ha, Bizzle tell them again
Leave it, we're killin' 'em again
Try stick around like Velcro then
JME have to elbow them
Got my own flow man wanna steal it
I will mash up the mic like I don't need it
When I jump on the riddim man wanna wheel it
But we have to tell them
Leave it yeah
Acting like you can't see this yeah
Put your ear to the ground and leave it there
Bare times I been on your TV this year
Lyrics in my iPhone lemme read this
I don't watch face I've already seen it
Man dem itching wanna squeeze it
But we have to tell them
Leave it leave it

[Chorus]

Dunno why you're acting

Anytime you see me on the remix

Leave it you know they shoulda sent for me sooner
I done dance with the speed of a puma
Lemme just smoke my boodah
Weed man ah bun give a bwoy a brain tumor
So you better leave it yeah
I make sure I kill 'em with the meanest
Dirty man ah man has never been the cleanest
I got proof that the flow's presidential
You can't touch this in other words leave it
Buss off your two hand tore through the ceilings
Some real wicked man ting man ah deal wid
Check when I sign and seal it well
So you better leave it Shell!
