You would be everything that I want
If I wanted it but I don't
And I won't be changing my mind
So try to convince me if you can
But you better understand
That I've heard all of those little boy lines

If I had time to waste hey, hey, hey
I could play along sing you my song
Tell you what you want to hear
I could dance all night make you feel alright
Whisper something in your ear
I could lead on and on and on
But baby I won't even start
Cause I aint got the time aint got the time
Time to be breaking your heart

No, no

I've never been out of this town
I wanna to walk all over the ground
I don't care where but I wanna go now
And I have all these crazy dreams so
Don't take it personally
When I won't do what you want

If I had time to waste hey, hey, hey

I could play along sing you my song
Tell you what you want to hear
I could dance all night make you feel alright
Whisper something in your ear
I could lead on and on and on
But baby I won't even start
Cause I aint got the time aint got the time
Time to be breaking your heart

And I've waited all of my life
To finally say this right
I could play along sing you my song
Tell you what you want to hear
I could dance all night make you feel alright

Whisper something in your ear
I could lead on and on and on
But baby I won't even start
Cause I aint got the time aint got the time
Time to be breaking your heart

Time to be breaking your heart
Time to be breaking your heart
Time to be breaking your heart

No, no, nooo
