I wish I had a wad of cash  
I'd throw it in a hat and take a cab  
And I'd roll all the way to you (yeah)  
And if I could I would get there fast  
Because I want this feeling to last  
I think I'm in love with you (yeah you)

[Bridge]

Ohhhh it's a beautiful thing  
How you always try to make every little thing alright  
And oh I am watching you be everything you are to me  
And it tells me to hold on tight

[Chorus]

I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose

I wish I had a four leaf clover  
I could wish that this would never be over  
I don't want to be away from you (yeah you)  
And all my thoughts are lost in the dark  
But I know they won't get very far  
I'm in love with you. Yeah you!

[Bridge]

Ohhhh it's a beautiful thing  
How you always try to make every little thing alright  
And oh I am watching you be everything you are to me  
And it tells me to hold on tight

[Chorus]

I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose

I wish I had a wad of cash  
I'd throw it in a hat and take a cab  
And I'd roll all the way to you

[Chorus]  
I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose
