I wish I had a wad of cash
I'd throw it in a hat and take a cab
And I'd roll all the way to you (yeah)
And if I could I would get there fast
Because I want this feeling to last
I think I'm in love with you (yeah you)

[Bridge]

Ohhhh it's a beautiful thing
How you always try to make every little thing alright
And oh I am watching you be everything you are to me
And it tells me to hold on tight

[Chorus]

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose

I wish I had a four leaf clover
I could wish that this would never be over
I don't want to be away from you (yeah you)
And all my thoughts are lost in the dark

But I know they won't get very far
I'm in love with you. Yeah you!

[Bridge]

Ohhhh it's a beautiful thing
How you always try to make every little thing alright
And oh I am watching you be everything you are to me
And it tells me to hold on tight

[Chorus]

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose

I wish I had a wad of cash
I'd throw it in a hat and take a cab
And I'd roll all the way to you

[Chorus]

I've got everything, everything
I've got everything for you
Oh I've got everything, everything
I've got everything to lose
Oh I've got everything
Everything to lose
