It's fine, I'm not broken 'cause you're going, it's
goodbye
It's our final dance, we're calling it a night
It's last call which means I'm calling for the last time
We're moving on with our lives, I won't be lonely tonight

And I know we're closer to us being over
And there's no coming back to you, it's my last dance
with you
When the party's over there's an after party
And there will be an after you, there is an after you

To the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party

I'm through, I got no more time for lonely nights, I'm
through with you
And this routine that you're showing me is nothing new
You think the music stops because we're not, so untrue
Baby watch me move, I won't be lonely tonight

And I know we're closer to us being over
And there's no coming back to you, it's my last dance
with you
When the party's over there's an after party
And there will be an after you, there is an after you

To the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party

Hey ya can you feel that? Yeah

Lights on, let's dance babe our love is gone
They're playing the last song

And I know we're closer to us being over

And there's no coming back to you, it's my last dance
with you
When the party's over there's an after party
And there will be an after you, there is an after you

To the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party, oh
Keep it moving to the after party
