Letoya - One Time ..

Baby I know you love me, even do you got your own  
way that you show it  
But baby you gotta trust me sometimes it ain't enough  
to know it  
I need to feel it I need to breath it  
I need you to mean it , Like it need it  
And just be like I see it  
Oee I want your heart and not just little bit  
Right now I want ur all

One time, I wanna feel the passion and plesure and all  
that I dreamed of  
One time, I'm tired of all the guessin' I just wanna know  
that I am loved  
One time, I wanna feel special and needed  
One time, want you to say something and mean it  
One time, It ain't a whole lot to ask  
Can you do it one time , do it one time

Don't tell it to the brothers  
bring it to your best friend I'm not just ur lover  
One time, I wanna feel I'm not herassing  
When I need a simple answer to the question that I'm  
asking  
This ain't nagging cuz baby ur the best  
As long as your here I'm blessed  
Ain't tryna cos you no stress  
Just need a little R-E-S-P-E-C-T  
Common baby now you know me  
So what you need to do is get up on ur grind  
Keep me on ur mind day and night

One time, I wanna feel the passion and plesure and all  
that I dreamed of  
One time, I'm tired of all the guessin' I just wanna know  
that I am loved  
One time, I wanna feel special and needed  
One time, want you to say something and mean it  
One time, It ain't a whole lot to ask

Can you do it one time , do it one time

One time baby just save me  
One time don't let me be afraid that the sun can slip  
away  
One time baby don't lie to me  
Don't say that you gon do it when you really not gon do  
it  
One time I wanna do something we never done  
Lets turn our back on two  
And try to work as one

One time, one time, one time, one time, one time  
One time, one time, one time, one time, one time

One time, I wanna feel the passion and plesure and all  
that I dreamed of  
One time, I'm tired of all the guessin' I just wanna know  
that I am loved  
One time, I wanna feel special and needed  
One time, want you to say something and mean it  
One time, It ain't a whole lot to ask  
Can you do it one time , do it one time
