[Verse 1:]

You should leave  
Stay far away from me  
You should go  
Cos me and you don't even know  
I feel in check  
It's slowly creeping through my veins  
Take your chances  
On this victim of love  
But I don't know  
What I am capable of  
I could destroy everything that you believe in  
I'm not your friend  
I am...

[Chorus:]

Lethal  
I turned into something lethal  
It takes over me  
The clock strikes 12  
I can't help myself  
I lost control  
I'm lethal  
Lethal lethal

[Verse 2:]

Lock the door  
I can't control it no more  
The full moon is coming

You should have left when I told you  
It's about to get crazy  
I'm thirsty for blood  
And my vision is hazy  
Thought I warned you  
My heart had already turned cold  
Know it's wrong but  
You're gonna reap while he's out  
Look into my eyes  
You can almost see my soul

It's fading  
It's gone cos I am...

[Chorus x2]

[Bridge:]  
Lethal  
I'm so lethal  
Lethal  
There's something that comes over me  
And I change  
My heart was broken  
Now i'm not the same  
You won't be the last  
There's more to come next  
Still feel the wrath  
I am...
