You got what I need
Baby, you got what I need, baby, you got what I need
(You got what I need)
Baby, you got what I need, baby, you got what I need
(You got what I need)

See me and you been through so much together
And I want you to know that I'm with you
'Cause no one can do for me like you do, baby
And I'll never bail out on you, baby

So you never have to question this lady
So whenever you need me, I'll be there in a hurry

'Cause you got what I need, you got what I need
Baby, you got what I need and I want you close to me
'Cause no one makes me feel the way you do
Baby, you got what I need, baby, you got what I need
That's why I'm with you

Some may say I'm crazy for loving you
But they don't understand what I do
So they can say what they want
But it ain't gonna change how I feel

'Cause I'm not gone ride for no one else but you, baby
'Cause if you leave me I'll go crazy

('Cause I gotcha)
Till the end
(I gotcha)
No matter what it is
(I gotcha)
When it's church time, baby
Whenever you need someone

'Cause you got what I need, you got what I need
Baby, you got what I need and I want you close to me
'Cause no one makes me feel the way you do
Baby, you got what I need, baby, you got what I need
That's why I'm with you

Walking in the rain with the one I love, feel so fine
Walking in the rain with the one I love on my mind

Oh, I like it, oh I like da lovin' you give
The love that I can't forget, oh give it to me
I don't want no one but you
All I need n my life is you

Oh, bring it to me, oh I like it
Oh, I like the lovin' you give, the love that I can't forget
Oh, give it to me I don't want no one but you
Oh, bring it to me

'Cause you got what I need, you got what I need
Baby, you got what I need and I want you close to me
'Cause no one makes me feel the way you do
Baby, you got what I need, baby, you got what I need
That's why I'm with you

'Cause you got what I need, you got what I need
Baby, you got what I need and I want you close to me
'Cause no one makes me feel the way you do
Baby, you got what I need, baby, you got what I need
That's why I'm with you
