Saw a man on the street  
Would you, notice if he was gone the next day?  
Another girl passes by  
Barely fifteen, with a baby on the way.

In the paper today,  
There was, a high school shooting just like those  
before  
When he pulled into work  
They said, "Pack your things, your jobs gone"

Look around  
Have we lost ourselves?

I believe there's,  
More to this, so much  
More than this,  
Do you?  
Woah

I believe there's,  
More to this, so much  
More than this,  
Do you?  
Woah

She was watching the news  
There was, an attack leaving hundreds more dead  
Got a call from the bank  
They are overdrawn, with more bills to pay

Look around  
Have we lost ourselves?

I believe there's,  
More to this, so much  
More than this,  
Do you?  
Woah

I believe there's,  
More to this, so much

More than this,  
Do you?  
Woah

Do you see their pain?  
Can you hear their cries?  
Is it too late?  
Do you see them now?  
Will you help somehow?

Can you feel their pain?  
Do you see the tears,  
In their sad eyes?  
Will you help them now?  
Will you just reach out?

I believe there's,  
More to this, so much  
More than this,  
Do you?  
Woah

I believe there's,  
More to this, so much  
More than this,  
Do you?  
Woah
