I'm sitting at the edge of the street
Everything's caught up in between
I didn't see this coming

I still have my phone left in my hand
It's been awhile since last i heard it rang
Can you tell me please what happened

Ohhh, is this real or just a dream?
Ohhh, can somebody please help me
I'm all alone, got nowhere to go
Will you save me?

Will you save me?
Will you save me?
When all else falls
I've got nothing
Will you save me?
Will you save me?
My hope is slowly
Fading away

Trying is something i'm not good at
I always lose my hope so easily
That's why they say i'm nothing

But now i've started moving on
Yet people just keep passing by
Can't anybody see me?

Ohhh, is this real or just a dream?
Ohhh, can somebody please help me
I'm all alone, got nowhere to go
Will you save me?

Will you save me?
Will you save me?
When all else falls
I've got nothing
Will you save me?
Will you save me?

My hope is slowly
Fading away

Ohhh, is this real or just a dream?
Ohhh, can somebody please help me
Cause the world is slowly crashing down on me
Will you save me?

Will you save me?
Will you save me?
When all else falls

I've got nothing
Will you save me?
Will you save me?
My hope is slowly
Fading away

Will you save me?
Will you save me?
