(x2)

just forget about it, anything i said about it  
drive away tonight you think it's fine  
you put it all inside and run, and never look behind  
it's all the same besides the fact that it's mine  
think of me when you dream and you know  
i'm wide awake and thinkin of you  
cause i swear when you're there alone  
know that i'm wide awake tonight

you could hold my heart  
it's all yours if you want

just forget about it, set your mark and keep away  
the thoughts that are, just the opposite of you  
it happens everytime you fall  
you write it off as it were all "I'll be fine just let me try  
too"  
and sing to me, when you sink  
and you know that i'm wide awake and watching for  
you  
cause i swear when you're there alone  
know that i'm wide awake tonight

you could hold my heart  
it's all yours if you want it

I'm Letting you know now  
I'm letting you know now  
I'm letting you know now

Don't wait just tell me all about it  
Don't wait just tell me all about it  
Don't wait just tell me all about it  
Don't wait,don't wait  
Don't wait just tell me all about it  
Don't wait just tell me all about it  
Don't wait just tell me all about it  
Don't wait,don't wait  
Don't wait just tell me all about it  
Don't wait just tell me all about it
