"Hold My Heart, Pt.2"

I woke up lost inside my fears
From all the things I've done this year
And everything I said that hurt you time and again
You spoke it soft into my ear
All the words I want to hear
And this time I'll make sure you get 'em back alright
Remember when you said you'd hold my heart
instead
I'm letting you know now, go ahead
Ahhhhhhhhh
Ohhhhhhhh
Ahhhhhhhhh
Ohhhhhhhh
Remember when you said you'd hold my heart
instead
I'm letting you know now, go ahead
