Girl in front of me
What have you done to me?
I should be learning geography,
But instead, its you
That I am studying.
Mapping out parts of your body.

Because I'm waiting
For you to see.
Yes, Im waiting
For one last chance.

Girl in front of him
What have you done to me?
I should be learning geography.
But instead, its you

That I am studying.
Mapping out parts of your body.

Legs spread.
Poisoned bed.
Permutated love
With curses instead.
His eyes wide open.
Take a good look
At your lover.

Because Im waiting
For you to see.
Yes, Im waiting
For one last chance.
Well, I am waiting
For you to see
