I bet you don't know what you want till it's gone  
I bet you're so scared to be who you want to be, with  
me, or the possibility  
All I'm trying to say, I was trying to make it, trying to  
make everything, okay?  
All I'm trying to say, I was trying to change, okay?

### Pre Chorus

This used to be the time when you relied on me  
( Going, going, going )

### Chorus

Gone  
Your looking like you've never seen me before  
Singing, la la la la  
Let me finally be the one  
To notice your alone,  
Show me what you want, tell me what, tell me anything  
Tell me what you want, now your gone, tell me anything

### V2

Maybe I was wrong for believing me,  
Thinking I was on, thinking I was on your mind  
Praying I'm not wrong, or the possibility  
All I'm trying to say, I was trying to make it, trying to  
make everything okay?  
All I'm trying to say, I was trying to change, okay?

This used to be the time when you relied on me  
( Going, going, going )

### Gone.

Your looking like you've never seen me before  
Singing, la la la la  
Let me finally be the one  
To notice your alone,  
Show me what you want, tell me what, tell me anything  
Tell me what you want, now your gone, tell me anything

### BRIDGE

I hope your happy now your gone,  
You smile all the time,

While going to bed, you see my picture on the wall  
I wish you never left at all  
( La la la la la la la )  
I'm miserable you know

Your looking like you've never seen me before  
Singing, la la la la  
Let me finally be the one  
To notice your alone,  
Show me what you want, tell me what, tell me anything  
Tell me what you want, now your gone, tell me anything
