I can't sing a melody to tell you why
I can't write the lyrics to save tonight
It's just the beating heart in me I know that feels right
with you.
Because the lights are on and I'm still in love with you
And I mean that
And I'll wait the day I can see your face
And you feel it too
Well I hope you do.

I couldn't breathe when we first met
And now you're gone I'll hold my breath
I'll wait each day till you are back
So I can fill my lungs again
Remember when you took my hand
You felt my heart and you noticed it
Was beating faster,
And you wonder why it was.
Because the lights are on and I'm still in love with you
And I mean that
And I'll wait the day I can see your face
And you feel it too
Well I hope you do.

Because
Hearts, belong in pairs
And your standing there
Looking lonely dear
Well it's you, and it's me
Why can't we, can't we see
That eventually,
I'll find out who you are.
Hearts, belong in pairs
And your standing there
Looking lonely dear
Well it's you, and it's me
Why can't we, can't we see
That eventually,
I'll find out who you are.
