

Letters Burning

"California Song"

Visit "[California Song](#)" on MotoLyrics.com

Did you hear about this place
Will you take a seat beside me
The center lines divide as we drive into the night
Bleeding and screaming cause that's what we do
Out with the old and into the new
Making my way to California with this dream inside my
mind I must confess
I'm such a mess
Selling me your propaganda and the bullshit in your
mouth I must confess
I'm not impressed
Have you figured out this place with your little words
behind me
Your tainted lives define who you're really gonna be
Bleeding and screaming cause that's what we do
Out with the old and into the new
Making my way to California with this dream inside my
mind I must confess
I'm such a mess
Selling me your propaganda and the bullshit in your
mouth I must confess
I'm not impressed
Thank you
You're welcome
I'm sorry
It's over
Making my way to California with this dream inside my
mind I must confess
I'm such a mess
Selling me your propaganda and the bullshit in your
mouth I must confess
I'm not impressed
Making my way to California (making my way, making
my way)
Selling me your propaganda (you're selling me, you're
selling me)
Thank you
You're welcome
I'm sorry
It's over
