

Letters Burning "Strip Me Down"

Iâ€™m up and down like a see-saw on mescaline
I say and do anything just like tics
You can ask me dirty questions
Iâ€™m a super hero flying in and out of dreams
Iâ€™m an action figure riding through the dotted lines

So if you strip me down from the superficialness and
lies

There will be nothing left except a man I hardly
recognize anymore

My heart skips a beat like a record scarred with tiny
scratches

I canâ€™t confess or say anything just like a mute
Iâ€™m a super hero flying in and out of dreams
Iâ€™m an action figure riding through the dotted lines

So if you strip me down from the superficialness and
lies

There will be nothing left except a man I hardly
recognize anymore
