Wait a minute let me ask you a question or two  
Do you mind if I sit here can I buy you a drink?  
If your response is a yes IÂ'm guessing you are alone  
Not implying that it wasnÂ't your choice, butÂ...

YouÂ're the kind of girl I could get into  
DidnÂ't mean it in that way but you know youÂ're cute  
Your look is captivating the way you use those eyes  
IÂ'm not rushing these things but will you sing along

IÂ'm so fickle IÂ'm stuck in this pickle  
And IÂ'm always searching for the perfect touchdown  
story  
But the gloryÂ's too good and never good enough  
I guess thatÂ's why they that life is pretty rough

IÂ'll be the first to admit that IÂ'll say anything  
Just to see if youÂ're listening just to see if youÂ're  
easy  
If youÂ're like all the rest I guess IÂ'll stop right now  
IÂ'll go back to thinking, thinking of something

In this moment put down your pepper spray
