I can stand here and do this again
I can say it but where to begin
I know that I'm caving in
'Cause I'm heavy, I'm heavy

So the wonder of you is done
I'm tired and bloody and good to be gone
I know that you did me wrong
'Cause I'm ready, I'm ready

As for the part about having something more
Let's not pretend that it's like it was before
And I wish I could say that it's not because of you
But it's because of you

I've a dark and snowy remembrance of this
But remind me again of what I'm gonna miss
When all you do is let me down
You better tell me something and tell it to me now

As for the part about having something more
Let's not pretend it's like it was before
And I wish I could say that it's not because of you
But it's because of you, and are you sorry?

As for the part about having something more
Let's not pretend that it's like it was before
I wish I could say that it's not because of you
But it's all because of you and it's all because of you
The light went black and I got scared
