And as I stood in the place where I once saw a friend  
standing, I didn't mean to  
run away from you. I almost lost the chance to save  
myself. Mellie's coming  
over; she's coming over; Mellie's coming over, yeah.  
Not really lucid but wide  
awake, a kind word to snap me out of it is all that I know  
it would take  
from you, if I knew you really wanted to. Mellie's  
coming over; she's coming  
over; Mellie's coming over, yeah. Hey, where's  
everybody going? You can't leave me  
all alone when it's been such a long time since I've had  
this much to  
say. Hey, where are you going? You can't leave me  
alone and I guess I feel  
a little silly but Mellie, can't you stay a little while?  
Mellie's coming  
over; she's coming over; Mellie's coming over, yeah
