A good girl always knows what's right
Don't forget your keys now, don't be late
I'm told that if you last the night
They'll make you drown or float just wait
And be more like fire than a firefly
Cause that's the best way to be happy

Sparklegirl it's clear there's an awful lot to fear
That's so up
Sparklegirl it's clear there's an awful lot to fear
That's so up

And I won't try to slow you down
But I've gotta get there first or be buried

It's not like us to say we told you so, oh no
It's no like life to be that fair

Sparklegirl it's clear there's an awful lot to fear
That's so up
Sparklegirl it's clear there's an awful lot to fear
That's so up

And I won't try to slow you down
But I've got to get there first or be buried
