That was my heart when time was a seed  
Tell me what it means  
We made it out okay but soon it turned to dust  
Tell me what it means

Cut it out, get off the floor  
Because it doesn't make you matter more  
Veda very shining  
And who will you wait up for, life, love, heaven, death  
Is that what makes you such a mess  
Veda very shining

At the well and out of luck  
You said, "I've had enough"  
But you still you couldn't make a man out of me  
Is that such a bad disease

Cut it out, get off the floor  
Because it doesn't make you matter more  
Veda very shining  
And who will you wait up for, life, love, heaven, death  
Is that what makes you such a mess  
Veda very shining

You're not real and yet you seem familiar  
If that's what you want  
You're not real and yet you seem familiar  
If that's what you want

That was my heart when time was a seed  
Tell me what it means

And cut it out, get off the floor  
Because it doesn't make you matter more  
Veda very shining  
And who will you wait up for, life, love, heaven, death  
Is that what makes you such a mess  
Veda very shining
