And the time went by swift
When you have love in your hand
And the sun, that I caught kneels
Hold me tight and show me
How to see

This passion I show
Isn't sure that you know
You cast your spell on me darling
You shiver on my lips
You're tremble on my feet
You're a rain on the show
The only thing I want to keep
When everything falling down

So let the time goes day by day
With you in my mind
And in the end we will find love
That ease our cry
I will find a way
To breath this dream everyday

Oh do please come and dance
With me under the moonshine
Babe it's alright I'ts alright
It will be just fine
And I don't have to say
That I Adore you in everyway.
