### "Almost There"

Visit "[Almost There](#)" on MotoLyrics.com

Watch the paper window - see the stars  
News and views to show you who you are  
Keep the money moving change the scene  
Open up the market with our dreams

Almost there - you and i  
Catch the fall - touch the sky  
Love a lot - paper view  
Now's the time - make your move

Keep the money moving  
As long as we are using  
Almost without knowing  
Getting ego's burning  
Freightend they stop turning  
See the judge adjourning  
Play your part and don't get in their way

Black and white they say you must believe  
Now they found a sound that we obey  
If you wait to long the tide will turn  
Then there'll be some brand new rules to learn

Almost there - you and i  
Catch the fall - touch the sky  
Love a lot - paper view  
Now's the time - make your move

Read a million pages  
Every headline ages  
Nothing ever changes  
There's a time for laughing  
Time will soon be passing  
Make your mark before you fade away
