You bring me down, every time I see you
You bring me down, systematic creature
You bring me down, never said forever
You bring me down, glad were not together

You bring me down, I remain the same
You bring me down, your the one who's changed
You bring me down, like a dam disease
You bring me down, you'll be the death of me

(Chorus)

Life goes on
The day goes on
Life goes on
And I'll be gone

You bring me down, every time I see you
You bring me down, systematic creature
You bring me down, never said forever
You bring me down, glad were not together

You bring me down, I remain the same
You bring me down, your the one who's changed
You bring me down, like a dam disease
You bring me down, you'll be the death of me

(Chorus)

Life goes on
The day goes on
Life goes on
And I'll be gone

You got to move on
You got to move on
You got to move on

(Chorus)

Life goes on,
The day goes on

Life goes on
Life goes on
