Hello nice to see your face again, it's been such a long  
time  
Ever since the day we parted ways my god how I've  
missed you  
Your touch your kiss the way you smile, your eyes your  
lips so beautiful,  
Beautiful

(Chorus)

She will, she will make you smile  
She will, she will make you smile

Our love is so rare in so many ways, our love it grows  
stronger  
I swear I can tell with each passing day, we will be  
forever  
Your touch your kiss the way you smile, your eyes, your  
lips, so beautiful,  
Beautiful

(Chorus)

She will, she will make you smile  
She will, she will make you smile  
She will, she will make you smile  
She will, she will make you smile

How do I live, how do I love, how do I breath, I can't  
can't live without you  
How do I live, how do I love how do I breath, I can't can't  
live without you  
How do I live, how do I love how do I breath, I can't can't  
live without you  
How do I live, how do I love how do I breath, I can't can't  
live without you

(Chorus)

She will, she will make you smile  
She will, she will make you smile

She will, she will make you smile  
She will, she will make you smile, smile, smile
