Though I live on the edge time is on my side  
All the doors to my life are open wide  
Just as long as the wheels keep on turning 'round  
I will live for the groove 'til the sun goes down

Living it up, living it up  
I can feel it  
Living it up  
Is it a crazy notion?  
Living it up, living it up  
I can feel it  
Living it up  
I got forward motion

I don't wanna go to war, I don't wanna go to war  
I said I know what I want and I don't wanna go war - do  
you follow me?  
I saw a soldier standing in a bar  
Looked so tired he'd come so far  
He said "i need to love someone, before they drop the  
atom bomb"

There's a girl at the back making eyes at me  
And her hair long and black is a sight to see  
But I get kind of scared when love's around  
I just live for the groove 'til the sun goes down

Living it up, living it up  
I can feel it  
Living it up  
Is it a false emotion?  
Living it up, living it up  
I can feel it  
Living it up  
I got forward motion

[The Sun Goes Down lyrics on ]So I'm a-taking you out  
but I'm a-faking  
I'm married to the beat  
But to the music I gave the heart I could have given you  
Still there's something 'bout the way that you move

And the way that people stare it's the shock of the new  
I want my friends to see me standing next to you

The sun goes down . . .

Time is on my side  
I don't care what they say I'll enjoy the ride  
But I get kind of scared when I turn around  
So I'll stay with the groove 'til the sun goes down

Living it up  
Living it up  
I can feel it  
Living it up  
I got forward motion

Ooh - watch her dance  
There must be one like her in every club in every town  
But I don't mind if that the way she wants to be  
There's something 'bout her that reminds me of me  
She's my soulmate - we'll be together 'til the sun goes  
down

The sun goes down

Living it up  
Living it up  
I can feel it  
Living it up  
I got forward motion
