Stuck inside my harvard box  
Behind the door the bauhaus locked  
I'm wrestling with a new ideal  
I'm working out the way I feel  
I just came back from cultureburg  
Where I tried to learn the painted word  
People there were so convinced  
It's kept me thinking ever since

Crazy, but true  
I want to believe like you

"come with me", the teacher said  
"no side-to-side, look straight ahead  
'cause if you want true confidence  
You'd best forget your common sense.  
Go find yourself a point of view  
And if you need some help to choose  
Just dance the dance named after me  
If you believe then you will see"

Crazy, but true  
Now I believe in you

There was a time  
[True Believers lyrics on ]When we could make head  
nor tail of the story  
Now it's sublime  
And we're not afraid anymore  
'cause we're all

True believers

Solo.

So tell me it's true  
I want to believe in you  
Crazy, but true  
I want to believe in you

Blind faith makes such strange demands

Sometimes a think I'll never understand  
Answers on a postcard, please  
I'd like to know what you believe

True believers ...

Are you  
A true believer

(I wanna believe in you)
