When I was a Kid
Step daddy hit me with a belt
In my mother fuckin' eye
Ask me how it felt
Dealt with it
Parent teachers wanna know who did it
Mom told me not to explain so I didn't
Mama said it ain't game so nigga wait a minute
Don't you come by love love I'll show you how to rid it
When you put your self out that's when your in abintent
Tell me how the fuck money making independent
Everybody wanna kick it help you spend it and the gig
goes
Quick dough bullshit don't get close that's that bullshit
Split crack spit smack split sack get back with that kick
back
Get back ain't no kick back sameleth shameleth gain
the
Unexplainable pain the days go

Can't explain unexplainable
Can't explain but that's just the way it goes
Can't explain unexplainable (no)
Can't explain but that's just the way it goes

Baby died in my baby brothers bed
And the way she lied there she didn't look dead
And then I had to find her husband and her brother
Get the fuck up on my mama because you know my
mother loved her
Like a sister life a twister little twist here little twister
Cross em up turn around burn em out boss em up turn
around turn em out
Got a lot to about the birds and the bees
