One small town boy whose dreams were higher  
Thought up a plan  
To be a city man  
Out in the world  
Bright burned the fire  
Through every door  
He was so sure

Than he ran into a problem  
He heard the voice inside him say  
"Do you believe that what you have is what you need"

You can't blame Louis  
Oh, Louis

He found a girl  
His heart's desire  
She was the first  
She quenched the thirst  
His social whirl  
Did not inspire  
Her live divine  
Soon lost it's shine

Now he's counting every hour  
Wondering where she spent the night  
She doesn't slow, it seems he'll never know

You can't blame Louis  
Oh, Louis

You can't blame Louis  
Oh, Louis

Take a day and trace a thought to where it all began  
REMEMBER how you felt at every turn  
Even thought reality was not part of the plan  
By reaching out you lit the spark forever

Louis thought he'd find the answer  
In a world that has no soul

He moved on, to learn onother song

You can't blame Louis

Oh, Louis
