Your small time view is so oblique  
You think your thoughts are so unique  
Your squeaky lies are sneaky clean  
Cos you won't say just what you mean  
Now, I don't recognize you

Oh, I don't recognize you  
You bled me dry and left me high  
Your dirty heart is by the by  
You trash your friends like it's a game  
Then you cry and claim the pain  
Now, I don't recognize you  
Oh, I don't recognize you

Chorus

All around it's all around  
All ready to be found  
All ready to take you down  
Down, down, down, down  
All around it's all around  
All ready to be found  
All ready to bring you round  
Bring you round now

You break your beats and drop your bombs  
Cos everybody else is wrong  
You hawk your dove and say your prayers  
Like you're the only one who cares  
Don't like your TVocracy  
Your karaokeosophy  
Can't take another minute of what you say  
I won't be the bait today  
Now, I don't recognize you  
Oh, I don't recognize you

Chorus

Hypno trips a psycho blitz  
You tried it all but nothing fits  
You got a little habit that burns your nose  
A bony fido freaky pose

You hide your hat behind a stare  
You take the heat out of the air  
A solid state electric sigh  
What made you so angelized  
Well, I don't recognize you  
And I won't angelize you  
And I won't angelize you  
Because I don't recognize you anymore
