Daddy's little manikin likes a good time  
Stretched out in the limousine head all gone  
Hair is pretty astrokhan for the boyfriend  
He is a zoot suited zoon politikon

Mama's mini Babylon hits the kitchen  
(Can't) find the pills  
that she lives on, it's a plot  
See her world come crashing down, she's looking  
older  
The Prom Queen ain't so pretty now, like it or not

It's just another little hell town story  
Another blaze of hopeless glory  
You don't have to end it for me  
It's gonna end all by itself

Daddy's busy taking it, don't need the money  
Embezzles for the sake of it, its his job  
Tonight he's out and on the make, got a yearning  
Cruising for some cabaret Billy Bob

Freddy's on the run again, tearing his way  
Thru the streets for fun again, cross that line  
Borrowed Daddy's gun again, no consequences  
Money buys you everything, even crime

It's just another little hell town story  
Another case of rich man poor me  
You don't have to end it for me  
It's gonna end all by itself

Can you feel the heat tonight, its aggressive  
Hot enough to start a fight, and it does  
Mama's shooting Daddy now, bang and it's all over  
Turns the gun upon herself, and it's done

(The) kids find out there's nothing left, all alone now  
Freddy jumps a freight train west, to Hollywood  
Daddy's little manikin still craves the good times  
She's so scared it's frightening, it ain't no good
