Title : Star Child

[When i was an infant in my mothers arms
I would watch the starlight in her face
Cos i was reaching out to understand the cosmic charm
I am just a starchild born in space

Way up high above the sky all that beauty passes by
Whole worlds still unknown
And out beyond the blue theres a place for people too
Its time for us to go

I have seen the sun shine bright in paradise
I have been there i have seen it
Every where space people stare through ageless eyes
I have seen them i believe it

Way up high above the sky all that beauty passes by
Whole worlds still unknown
And out beyond the blue theres a place for people too
Its time for us to go

We have time
In my dreams
Time and space

While we're young
Floating free
We can chase
The stars

Searching for the magic in the universe
Guided by the stars that light my way
I have seen the sun shine bright in paradise
I am just a starchild born in space
If you want to go with me I'll take you there
I've been shown these secrets face to face
I have seen the sun shine bright in paradise
I am just a starchild born in space
