Jesus, Mother, Mary, God
All of you who claim to know the soul
What's your view?
Let me take you by the hand
Show how it isn't planned
What they say about you

People who wander blindly following
All manner of false illusions
In the search for truth

Let me take you by the hand
Hope that you might understand
What's in front of you

And I hope that all your dreams
All of your dreams
All your dreams will come true
And I hope that all your dreams
All of your dreams
All your dreams will come true

Jesus, Mother, Mary, God
All of you who claim to know the soul
What's their view?
Let me take you by hand
Show how the it's all been planned
Despite the things you do

And the millions following blindly
All manner of false illusion
[Unverified] let them suffer in shame
[Unverified] below
So much better and it's right
All this in your name

And I hope that all your dreams
All of your dreams
All your dreams will come true
And I hope that all your dreams
All of your dreams
All your dreams will come true

Jesus, Mother, Mary, God
All of you who claim to know the soul
What's your view?
Let me take you by the hand
Show you that the futures planned
No matter what you do

By people who wander blindly
With no reason and no direction
With bloodstains on their hands

Let me take you by the hand
Show you how it isn't bad
What's in front of you

And I hope that all your dreams
All of your dreams
All your dreams will come true
And I hope that all your dreams
All of your dreams
All your dreams will come true
